ORDER MEMORIALIZING STATUS CONFERENCE

On June 11, 2013, the court conducted a telephonic status conference, on the record, in the above-captioned cases with Government counsel and Liaison counsel. During the conference, the court received an update from the discovery coordinator regarding the status of the production of the electronic discovery. The discovery coordinator proffered, and the Government confirmed, that certain inadvertent discrepancies in the electronic discovery have slowed production in this complex matter. The Government has agreed to look further into this issue and report back to the discovery coordinator next week, prior to the in-person status conference currently scheduled for **June 20, 2013 at 3:00 p.m.**, for Liaison counsel and Government

counsel.¹ It is the court's view that counsel have been working diligently to keep this complicated matter progressing at a reasonable speed. There is still much work to be done, but counsel has thus far worked cooperatively to facilitate the production of the massive amounts of electronic discovery.
